COMPANY

OVERVIEW

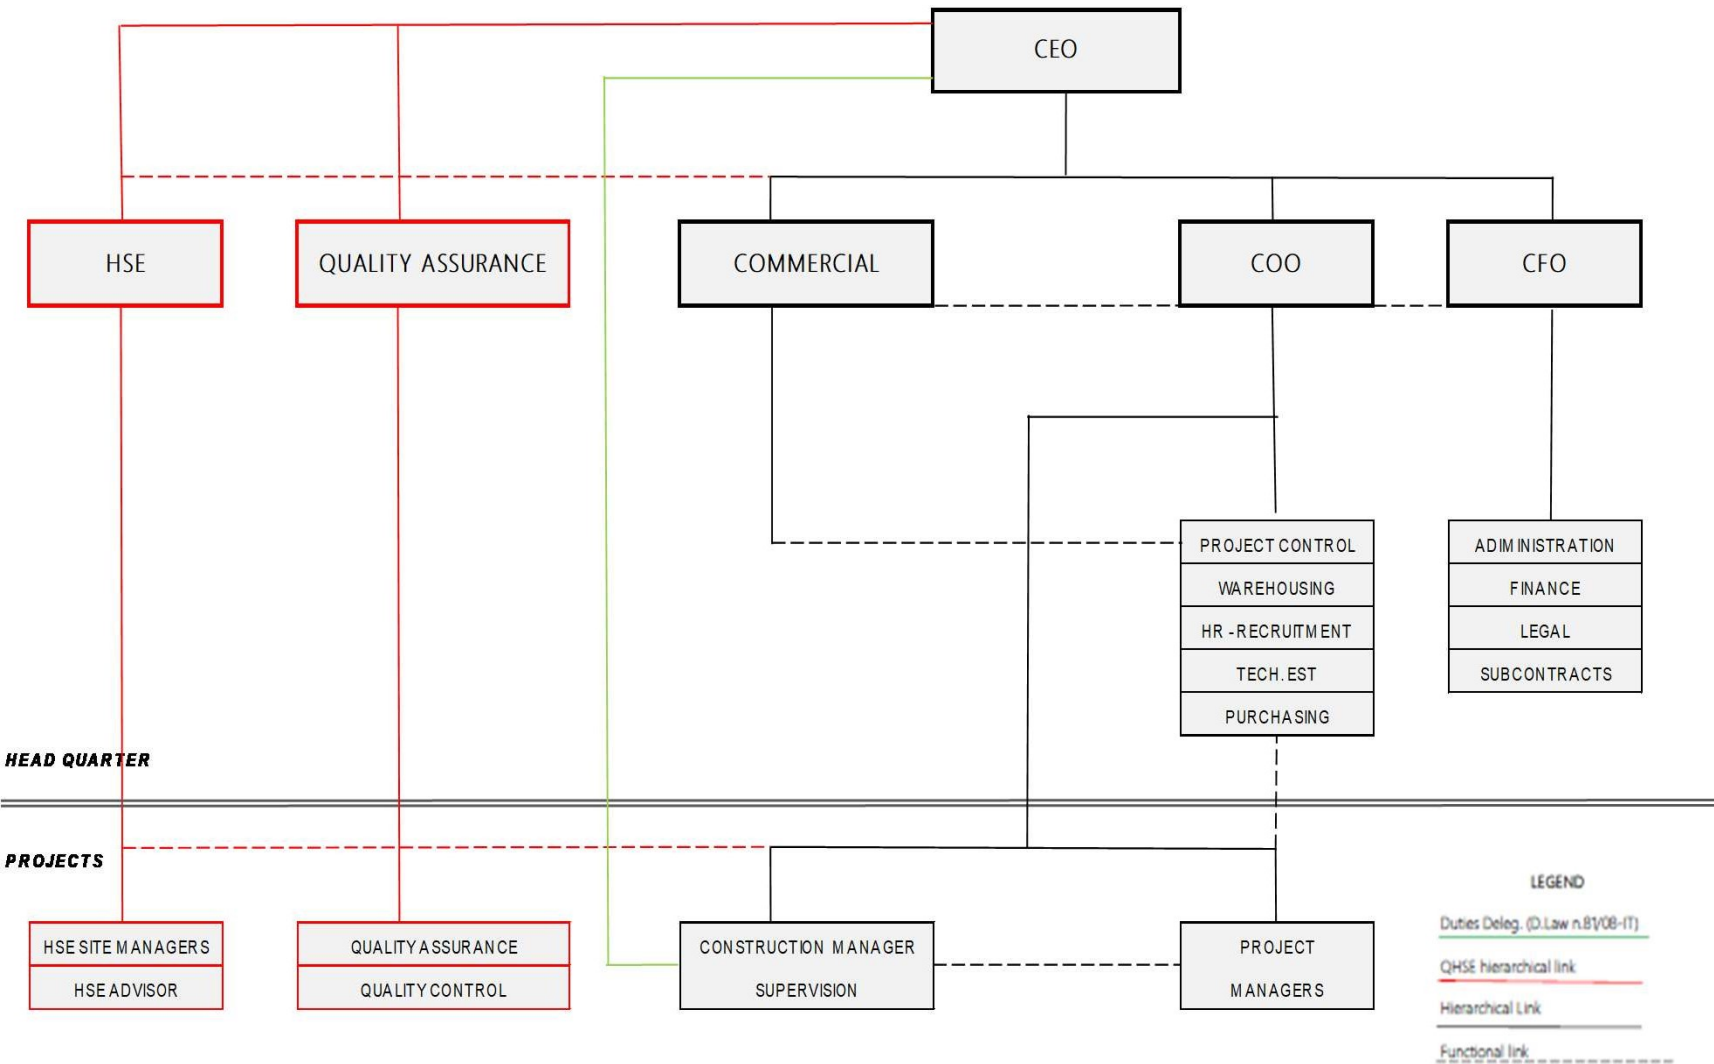

COMPANY DETAILS

TECNOTask is an Italian Mechanical Private Company established at the end of 2011 by a group of professionals with a solid experience records, specialized in “Project & Construction Management”.

In 2015, TECNOTask started to operate as “Mechanical Contractor”, with direct manpower, equipment and tools granting high standards in terms of safety, quality and respect of project time schedule.

TECNOTask runs projects in the fields of Oil and Gas, Chemical, Petrochemical, Pharmaceutical and Power aimed to always meet the satisfaction of all Project Stakeholders.

COMPANY ORGANIZATION CHART

COMPANY MISSION, COMMITMENTS & VISION

Our Commitment is:

- Zero Risks and Zero Accidents
- Client target achievement

Our mission:

- To be one of the major reliable mechanical contractor s player
- Continuously improvement

Our vision:

- We work hard every day to success your project
- To get the best of quality product & efficiencies

WHAT WE DO **TODAY**

We are specialized in:

➤ **DETAILED ENGINEERING & PROCUREMENT COORDINATION**

- Piping isometrics Spooling and cutting list preparation
- Weld History Sheet & Material Traceability preparation
- As built and final dossiers
- Coordination of all procurement phases

➤ **FABRICATION & INSTALLATION/CONSTRUCTION ACTIVITIES**

- Piping fabrication and installation with relevant hydrotest & Precomm
- Coordination painting and NDE/PWHT
- Piping support supply & erection
- Steam Tracing installation
- Fabrication and Erection of steel structures
- Skids pre assembly and relevant installation on site
- Heaters & Steam reformers installation

➤ EQUIPMENT & MODULAR PLANTS

- Erection of Equipment
- Assembly of modular plants

➤ PRE-SHUTDOWN AND SHUTDOWN & REVAMPING

- Project & construction management services
- Fabrication & installation/construction activities
- Equipment & machines

➤ PROJECT & CONSTRUCTION MANAGEMENT SERVICES

- Planning & progress monitoring
- Budgeting and cost control
- Risk identification and mitigation
- Contract & subcontract administration
- Changes and claims management
- Multidisciplinary site work supervision
- Quality control activities

WHERE WE ARE

FACILITIES: PIPING WORKSHOPS

Through n. 2 fully equipped workshops located in the petrochemical area of Priolo Gargallo and an additional one located in Siracusa in the East Coast of Sicily, TECNOTask can comply with its Clients requirements.

Facility located at:

- **TT – Fabshop and Operative Headquarter**

Via Jonica 22, Siracusa – SR (Italy)

Sqm 500 offices

Sqm 8.000 laydown area

Sqm 1.200 workshop

FACILITIES: **YARD**

TECNOTask is at the forefront for modularized activities through its owned yard having a surface of 163.000 sqm located in Marina di Melilli, Syracuse.

YEARLY WORKING **CAPACITY**

➤ PIPING FABRICATION

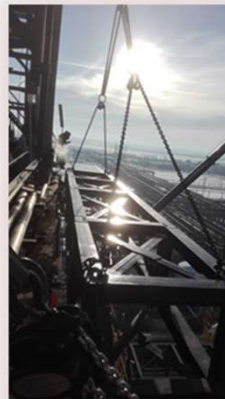

- OVER THAN 260.000 WELDING INCHES

➤ PIPING ERECTION

- OVER THAN 850 TONS

➤ STEEL STRUCTURES ERECTION

- OVER THAN 2.500 TONS

CERTIFICATES

Our aim is working according to high standard of safety, environment and quality

UNI EN ISO 9001-2015

UNI EN ISO 14000-2015

OHSAS 18001-2007

SCC PETROCHEMICALS 2008/5.1

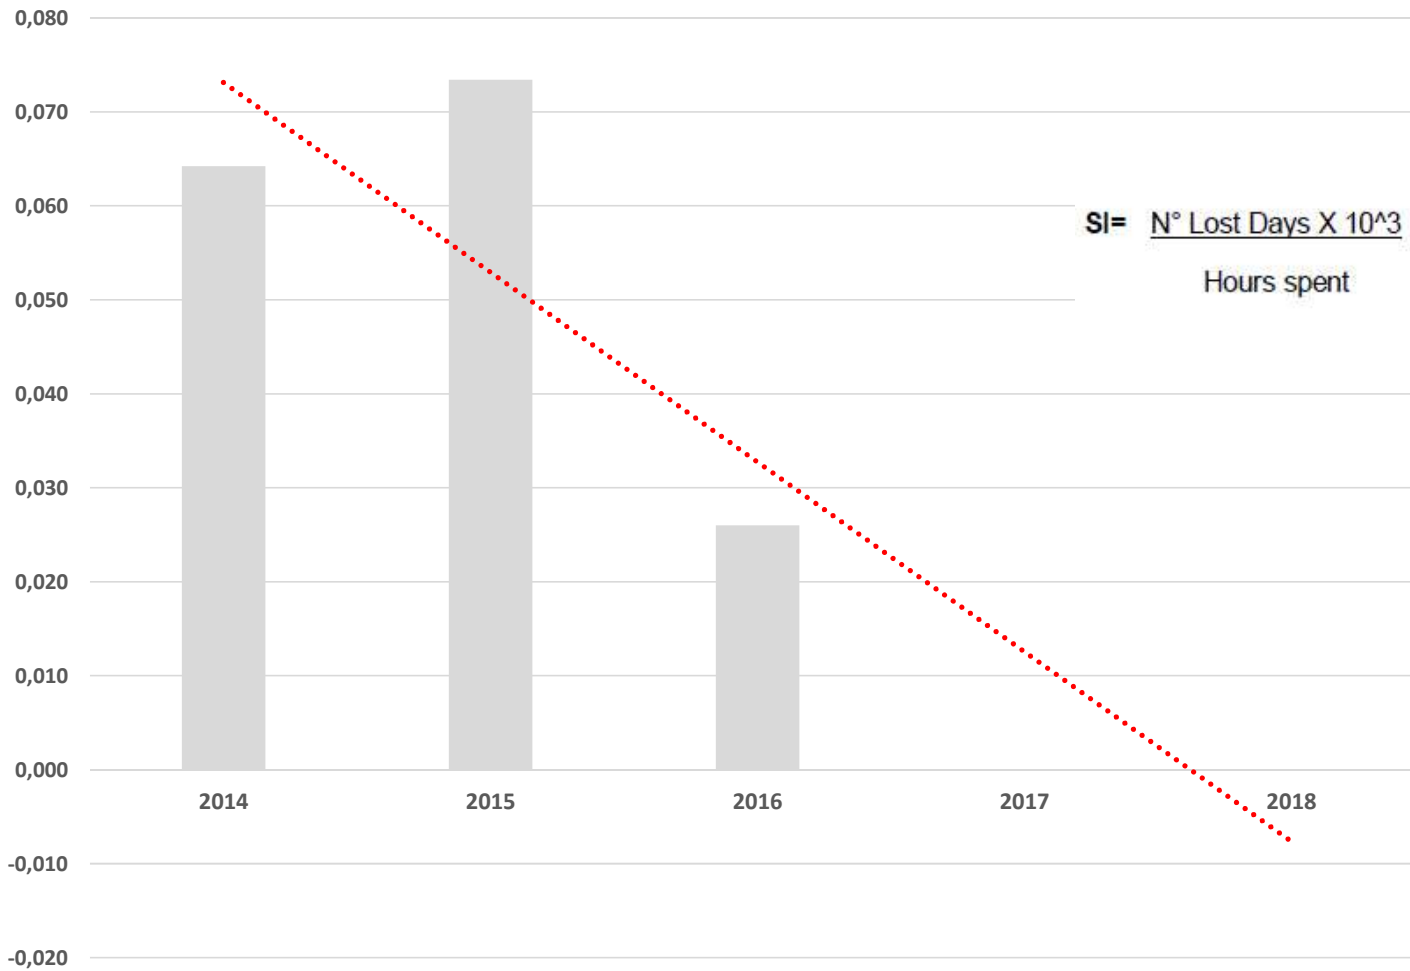

HSE KEY PERFORMANCE INDICATORS

TECNOTask operates in accordance with the Italian standard UNI7249/2007 "Statistics on occupational injuries" that illustrates calculation methods for the hazard occurrence probability and consequences index.

YEAR	HOURS WORKED	RECORDABLE CASE	DAY AWAY	FATALITIES	FREQUENCY INDEX	SEVERITY INDEX
